

# SPY The CHASE

Get up, get ready and step outside,  
It is time to seek and find.  
Open your eyes, what can you see?  
Look up, look down and behind the trees!

## Discover I spy...

Can you spot all of these on Cannock Chase?

## Learn

There are 3 types of Deer that live on Cannock Chase!

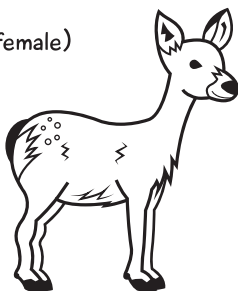

If you are quiet you might be able to spot them.

### Fallow Deer (female)

Habitat: woodland, grassy clearings.

Size: Height 73-91cm

Food: grass, herbs, foliage, nuts, berries, tree bark, fungi.

### Red Deer (male)

(male)

Habitat: grassland, forest, mountains.

Size: Height 107-137cm

Food: grass, heather, leaves, twigs.

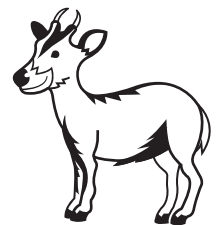

### Muntjac Deer (male)

Habitat: woodland with lots of plants.

Size: Height 44-52cm

Food: leaves, shoots, flowers, berries, seeds, tree bark, fungi.

## Make

### I spy collage!

Collect items from your adventures on the Chase. Take photos and draw pictures of what you found to create your own collage.
